CH – LTV cooperation

Objectives

Express an opinion on the relevance of the project
Define potential collaborations in fire risk management

- The choice to equip most of boarding schools with DS
- The choice to implement voice alarm systems
- Potentiel helps from ECA in fire training

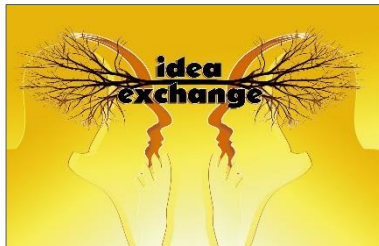

CH – LTV cooperation

Context

Visits of schools and municipalities (Vidzeme, Kurzeme)
Analysis of the standards and documents

- Gap between fire codes and existing buildings
- Particular situation of fighting means and capabilities
- Another vision of fire management and organization

CH – LTV cooperation

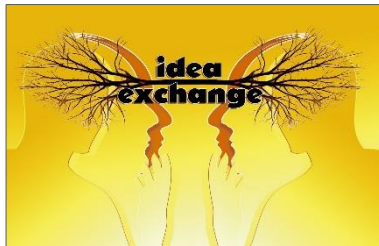

Decisions

- 😊 Latvian choices are relevant according to the context
- 😞 It will be an error to copy some swiss approaches
- 😞 Training from swiss partners is not suitable

Then, what can we do ... ?

- To have knowledge exchanges from both sides
- To find out best practices from both sides

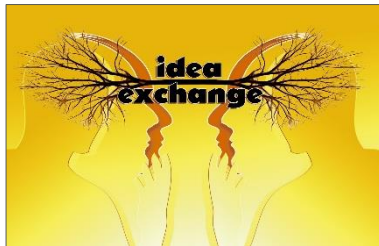

CH – LTV cooperation
